

Direct Deposit

of annuity payments

Please note:

- This form allows you to establish or modify an electronic transfer of funds from your annuity contract to a bank account. This information will remain on file and available for use until otherwise instructed.
- A validation period is required to establish this service. If your next payment is within this validation period, it will be sent by check to your address on file. Subsequent payments or withdrawals after the validation period will be deposited directly to your bank as instructed on this form.
- Only one bank account can be on file at a time. If you already have direct deposit instructions on your account, submitting this form will **override** and **replace** your existing instructions, and a new validation period will apply.
- To be eligible for Electronic Funds Transfer (EFT), your account must be with an institution that is a member of the Automated Clearing House (ACH) and is a commercial bank, savings and loan or credit union.
- For a one-time withdrawal request, newly established bank information may be accepted within the validation period with proper signature verification on the withdrawal form. Please refer to your specific withdrawal form for these signature requirements.
- If you have an automatic payment program and are receiving the payments via check, these instructions will **override** your existing payment method and **replace** it with direct deposit/EFT to a bank, unless otherwise instructed.
- This form is designed **only** to allow you to establish or modify Electronic Funds Transfer (EFT) information; you **cannot** request a withdrawal with this form. Please refer to your specific withdrawal form for this request.
- Electronic settlement of funds into your account may take up to three business days after the effective date of your withdrawal or payment.
